# DENY A REQUEST

The screenshot shows a web application interface with a sidebar on the left containing navigation links: SD, Worksheets, Dashboards, Data, Databases, Marketplace, Exchanges, and Manage (highlighted). The main content area is titled 'Manage' and shows a 'SMEW' section with 'My Listings'. A modal window titled 'Review Request' is open, displaying details for a request from 'BestAuthorsOfNonFictionBooks' (Account: EL24119 AZ - Canada Central (Toronto), Company: John Timmers Inc., Email: johntimmers4@gmail.com). The message states: 'I would like to look at your data for this workshop. Thanks!'. The request date is '44 mins ago'. At the bottom of the modal, the 'Action' is set to 'Deny' (selected with a radio button), and a comment box contains the text 'Sorry - no way we are giving you access !!'. The modal has 'Cancel' and 'Deny Request' buttons. In the background, a table lists recent actions with timestamps and 'Review' buttons.

LAST ACTION
43 mins ago <button>Review</button>
4 hrs ago <button>Review</button>
5 hrs ago <button>Review</button>
